HERE FOR YOU

WHEN CARE CAN'T WAIT

2375 E. Prater Way | Sparks, NV 89434

10290 N. McCarran Blvd. | Reno, NV 89503

Northern Nevada Medical Center now has two convenient ER locations in Reno and Sparks. The ER at McCarran NW is our newest location offering 24/7 care to the Northwest and surrounding areas.

The ER at McCarran NW features:

- 24/7 operations
- Treating all ages from pediatrics to seniors
- Ten (10) treatment areas
- Full-service diagnostics including CT, ultrasound and X-ray
- Laboratory services on-site
- Board-certified physicians and emergency-trained nurses
- Accepting all major insurance plans
- Minimal wait times, most patients go straight to a treatment room

PROMINENCE HEALTH PLAN

Connecting You to Care

Welcome to Prominence Health Plan!

We thank you for your membership and the opportunity to partner with you in your health and well-being.

This provider directory has been designed as a comprehensive reference guide to assist you in locating and accessing medical care. In addition to the alphabetical index located at the back of this directory, the Table of Contents lists providers by specialty. You can also visit our online provider directory on www.prominencehealthplan.com to find a provider by specialty and region.

This is a directory of hospitals, physicians, and other medical providers participating as independent contractors in Preferred Health Care Network and/or Universal Health Network. **This list is subject to change.** Every effort has been made to obtain and print the correct information in this directory. Preferred Health Care Network/ Universal Health Network will not bear any responsibility for inadvertent errors or omissions. Providers listed in this directory may practice in association with groups in which everyone may not be a PPO Provider. Therefore, prior to receiving or delivering services, please verify with the provider and/or Preferred Health Care Network/ Universal Health Network that he/she is a participating provider. For additional information or provider questions, call Prominence Customer Service at 800-863-5212.

This booklet does not guarantee that all services or all providers will be covered under your health care plan. You should always refer to your summary of benefits (SOB) or Certificate of Coverage (COC) to determine what types of providers and services are covered.

Failure to confirm this information may result in increased out-of-pocket expenses and/or the inability to receive reimbursement for certain medical expenses.

Additionally, under your HMO plan, some medical services require prior authorization in order to be covered under your health plan benefits. If authorization is not received prior to services being rendered, payment will be the member's responsibility. For a list of those medical services that require prior authorization, please refer to the Prior Authorization Request list within the secure member portal or call Prominence Customer Service at 800-863-5212.

Prominence Preferred Provider Organization (PPO) Members

It is important to understand that under your PPO medical plan if you obtain covered benefits from an out-of-network provider, your out-of-pocket costs (copayments, coinsurance and/or deductible amounts) will be more than if you were to receive care from an in-network Prominence Health Plan provider. For more details about member responsibility, please refer to your plan summary of benefits.

Selecting Your Contracted Care

Choosing a Primary Care Provider (PCP) or Primary Care Clinic

Prominence Health Plan strongly encourages members to establish a relationship for care with a designated PCP. The coordination of your healthcare is a joint effort between you and your PCP. Your PCP can treat a variety of illnesses, as well as provide preventive care. Plus, they can assist you in arranging and coordinating other medical needs. This is why utilizing a PCP as your first point of contact for your care is a great place to start.

Your PCP can be a general practice, family practice, internal medicine or pediatric provider. Female members may select an OB/GYN from this directory to serve as a PCP for annual exams and female related health issues. Female members are encouraged to see their OB/GYN provider annually for a well-woman exam. The nature of this exam may vary based upon the woman's age, family and medical history. All providers are referenced alphabetically by last name in the index of this directory.

Prominence Health Plan Contracted In-network Hospitals

There are a variety of quality, contracted hospitals and outpatient facilities for Prominence members to access statewide. **All hospital admissions and outpatient services require prior authorization from Prominence Health Plan. When an emergency admission is necessary, Prominence must be notified within 48-hours of admission.** Refer to this directory for the listing of the contracted Prominence hospitals and outpatient facilities.

Behavioral Health/ Substance Abuse Services

A broad range of psychiatrists, psychologists and therapists specializing in different areas of behavioral health/substance abuse services are available to Prominence members.

Inpatient behavioral health/substance abuse services must be authorized through Prominence Health Plan by calling 844-894-8086. Any services rendered that have not received prior authorization may result in denial of payment.

How We Choose Physicians, Providers and Hospitals for Our Network

Quality of Care

Before providers join our networks, we check to see that they have the appropriate education, licensure, and training to provide quality care.

While Prominence does not utilize specific quality, member satisfaction, cost-related or patient safety measures for selecting providers and hospitals to participate in our networks, we require that all providers meet our stringent credentialing standards, which include the verification of licensure, education, training, and malpractice and sanction history prior to joining our network. Ongoing quality monitoring of physicians and providers is accomplished by checking for licensure and other sanctions, and investigating, tracking, and trending member complaints about quality of care.

Member Experience

We listen carefully to our members who share feedback about physicians, providers, and hospitals after they have joined our networks by using various survey methodologies and carefully reviewing and investigating member complaints.

Location

Easy and prompt access to the care you need from wherever you are is important. That's why we work hard to include network providers in the areas we serve so that you can get the care you need from local doctors, hospitals and other healthcare professionals.

To help ensure that you can find the care you need, we consider the following:

- How far you have to travel to see a provider
- The number of available providers in your area
- The cost of seeing a provider
- The number of primary care providers in your area accepting new patients
- The languages the providers speak
- How long it takes to make an appointment and see a provider
- How easily you can access routine, urgent and emergency care
- Types of providers

To best meet your health care needs, our networks include a wide range of health care providers.

They include:

- Primary care providers
- Hospitals
- Various types of specialists
- Skilled nursing facilities
- Behavioral health providers
- Laboratories

If you have any questions about this information, please call Prominence Customer Service at 800-863-7515, Monday through Friday, 6 a.m. to 5 p.m. PT.

Prominence Health Choice (PPO)
Emergency Care Locations – Northern Nevada

A medical emergency is the sudden, serious and unexpected onset of an acute illness or accident that is: (1) an immediate life or death condition; or (2) an illness, injury or severe pain that requires immediate medical attention, without which the person would be exposed to significant risk of serious illness, disability or death. Seek emergency services if you believe that the absence of immediate medical attention could result in:

- serious jeopardy to the health of the insured;
- serious jeopardy to the health of an unborn child;
- serious impairment of a bodily function; or
- serious dysfunction of any bodily organ or part

Bleeding, chest pain, poisonings, loss of consciousness or shortness of breath are examples of “medical emergencies.” If you find yourself in an emergency situation, immediately call 911 or go to the nearest emergency room. Prominence Health Plan members can obtain needed emergency care services to screen and stabilize without prior authorization.

For covered services provided by any out-of-network facility based physician group at any in-network facility services like Emergency Room, Anesthesiology, Pathology and Radiology, Prominence Health Plan will consider the out-of-network facility based physician group providing the covered service as in-network.

Prominence Health Choice (PPO)
Urgent Care Locations – Northern Nevada

Urgent care centers are available for unforeseen injury or illness and when prompt care is needed to prevent serious deterioration of a member's health. If your primary care practitioner (PCP) is unavailable or it is after hours, use the urgent care clinics.

Lacerations, colds, flu, and earaches are examples of when to seek services at an urgent care center. Please be aware that some locations close for lunch and on holidays. ***Please call to confirm hours.**

CONVENIENCE CARE

Convenient Care Centers are available to treat minor illnesses and injuries such as colds, earaches and minor cuts and scrapes. Although services available are not as comprehensive as an urgent care center, convenient care services are offered for times when your Primary Care Provider (PCP) is unavailable. The co-pay will be the same as a PCP visit.
